Mirage Overlap Square Cut 3151™

PERIMETER FRAMED OVERLAP PIVOTING SHOWER SCREEN SYSTEM WITH FRAMELESS DOOR

Mirage Overlap Square Cut 3151™ features rounded convex profile with fully recessed glazing channel outer frame design with a off-set pivot system

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Handle Selection

An extensive range of handles are available in your choice of either clear acrylic, aluminium powder coated and gold, satin or chrome plated finishes.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Handles
- Anti-bacterial clear (i.e. frost) and colour matched glazing vinyl
- Patented Off-Set Pivot Clamp System
- Off-Set Door Stop

Square Cut Corner Stake Design

Square Cut Corner Stakes are designed to match the perimeter frame profile, providing rigid colour co-ordinated joining points in the shower screen frame structure.

Glass Specification

Designed specifically for use with 6mm toughened glass.

Patented Offset Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel top pivot pin, the **Mirage Overlap Square Cut 3151™** Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble-free operation.

The 'lowering' and 'offset' effect of the design automatically reduces the gap between door and sill on door closure. When in the closed position the shower door is located inside the shower recess, ensuring water runoff is directed back into the shower enclosure, helping minimise splashing further enhancing water resistance.

Water Resistance

Mirage Overlap Square Cut 3151™ features an overlapping fixed panel and door configuration, greatly improving water splash resistance so your bathroom remains drier and safer.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Off-Set Door Stop

Mirage Overlap Square Cut 3151™ features an Off-Set Door Stop, which is stylish and practical, preventing the shower door from opening inwards.

Safety

Mirage Overlap Square Cut 3151™ Shower Screen System features a captive top pivot pin mechanism so the shower door cannot be dislodged from the shower screen head section. **Mirage Overlap Square Cut 3151™** Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.
